

Angela Walters (BA Hons, MA)

Angela has spent over ten years working with looked-after children and vulnerable adults. Before this, Angela served as a company director for over ten years at a security company and a property developer. Angela uses her lived experience to establish rapport with youth and vulnerable adults. Angela uses her experiences to help others realise that they can move on from traumatic experiences and achieve a life beyond the barriers that the traumas have produced. Angela believes that SNA 24/7 Support Services, is a steppingstone in fostering the type of environment that will assist young people in overcoming their obstacles.

Angela has extensive experience working with Vulnerable children, Escorting Children on activities and general appointments whilst working in a children's home, writing daily reports safeguarding and supporting young people. Angela has experience working as A family support worker providing activities for young children within communities, writing reports and providing information during sensitive family assessment reports.
